

10D
Stock Item.

**The most effective way yet devised for hanging
a multitude of accessories.**

The most difficult items to display are miscellaneous accessories items: gloves, hats, mufflers, leg warmers, chalais, sarongs, sashes, head wraps, etc.

These accessories have become an important part of your profit picture. Displaying them properly can have a significant impact on the dollar amount you sell. Because there are so many kinds of accessories, effective visual presentation has become an ever-increasing problem. Putting them in bins and baskets often creates housekeeping nightmares as customers handle and select merchandise.

Even though B&G International makes a wide variety of accessories hangers, there always seems to be another item that needs a new or different design.

Our 10D Swivelclip covers a lot of bases. Its extraordinary clamping power holds even the heaviest weights easily, yet the soft inside contours of the clip allow you to hang the most delicate materials without a problem. In addition, Swivelclip's diminutive profile doesn't detract from your visual presentation.

Packing is 1,000 per carton with a special small store pack of 250 per carton.

Custom tops are also available with this hanger.

Call us for details.

**Stock color in inventory: Black, White and Natural.
Samples available on request.**

All hanger drawings shown 1/2 actual size.

Stock Item.

Now it's a snap to hang a tie and handkerchief, a scarf, gloves or a waistwrap.

Some accessory items are difficult to hang.

A tie and handkerchief combination has always been a problem. Many large scarves, challis, gloves and other bulky accessories also fit into this category.

Snaphanger is a terrific little merchandising device that makes it easy to display these difficult items.

In addition, Snaphanger provides a display tab that allows you to imprint logos, sizes or other important information.

Snaphanger helps create a professional presentation on racks where your customers can see and touch the merchandise.

It holds securely by use of a double snap and special soft teeth on the inside of the hanger that won't mark your merchandise.

Stock color in inventory: Black.
Samples available on request.
